Happy New Year UW Circle K!

What?? Yes Circle K it is indeed true that April marks the NEW YEAR for all of our clubs. All of the officers are so excited for this month because, as always, there is so much to do!

Not only is April a wonderful month full of practical jokes, egg hunts, and the start of baseball season, it is also the start of some new and exciting projects for UW CKI.

There is so much to do to prepare for relay and always plenty of parks and trails to clean and make spiffy! So put on your working gloves and get ready for an absolutely amazing April!

Fun fact:
April is Mathematics Awareness and Global Child Nutrition month!
