Turning Showers into Sun

April 2012

May Service Event Features:

PAWs: Cat City Shelter

On **May 8th from 4-8:00pm** NRHH is volunteering at the **Cat City Shelter** in Greenwood. PAWs is all about *people helping animals*, and at the Cat City Shelter they work hard to **find homes for many homeless cats and kittens** in the Seattle area. Come

join us in using an evening spent cuddling to **make a huge difference** in the lives of homeless kittens and future pet owners of Seattle!

ROOTs, a Young Adult Shelter in the U-District, is on mission to help homeless youths and other low income persons spiraling out of the foster care system.

On **May 17th from 4:30-6:30PM**, NRHH is volunteering to help make this mission a reality! By working to make the shelter a more organized and usable space, NRHH will enable ROOTs Shelter to reach out to more youths in our community and make a positive impact on their lives! Don't miss this chance to *serve our community together!*
