LUCKY to Love NRHH

March 2012

A word from IRVIN SU, our new AD of OTMs and Recognition: "I love NRHH because it's completely unique from any other organization I've been in in the past. People who do great things aren't always motivated by the recognition they get from it; but it's important that we recognize them for doing so, so we can motivate others to do similarly great things."
Way to go, Irvin, stepping up! We look forward to working with you on the exec board for the remainder of the year!
