Member Spotlight.
Brittany Grgich,
NCC Director.

Each week RHS A will recognize one of our amazing members, from RHS A and organizational reps to advisors, to regularly attending residents!

Q&A with Brittany Grgich.

What brought you to RHS A?

My RA my freshman year encouraged me to come to TLHC and then get elected to the exec board. Then I became addicted.

What kind of program are you most hoping to see this year?

Really, I'm super excited for Mr. and Miss RHS A. I have been pushing it all year. I can't wait to see the crazy events and people making fools of themselves.

If you could make one change here at UW, what would it be and why?

I would cut down the amount, or at least the ugliness of all the construction. Yes, it has a purpose, but it blocks the fastest routes to a lot of areas on campus and takes away from the beauty of campus, like in the Quad.

Brittany Grgich, 21, Hansee Hall.

Junior. Major: Molecular, Cellular, and Developmental Biology.

Favorite Class: My favorite class this quarter would have to be my Intro to Filipino Histories class. The professor is really engaging and draws a lot of parallels to modern history. Also, a close second is Women's Chorus, as it is a class I take just because I like to sing. .
Favorite Place to Eat on Campus: Easy – 1101, though I eat at Ian's most of the time. I don't get to eat there as often living on north campus, but I really like the variety offered.

What is your favorite song?

"Looking at the World from the Bottom of a Well," by Mike Doughty.

What is your favorite flavour of ice cream?

Moose Tracks – nothing else even comes close.

Question courtesy of Sami Petersen: What is your favorite YouTube clip?

Currently, it would have to be the Feeny call from the last episode of "Boy Meets World." Eric is quote funny, and who doesn't LOVE Mr. Feeny?

What is your favorite place on campus?

The little foresty area across from Anderson Hall, south of the fountain, would have to be my favorite place. It is beautiful and peaceful, and now that flowers are beginning to bloom, it smells nice, too.

What one question should we ask next week's spotlight?

If you were to create a board game, what would be its name and why?
