# Spotlight!

## Your 2008-2009 Exec Board!

Each week RHSAs will recognize one of our amazing members, from RHSAs and organizational reps to advisors, to regularly attending residents!

**Q&A with the 2008-2009 RHSAs Exec Board.**

**Andrew Clark, RHSAs President:**

I'm looking forward to next year and seeing how we can increase the size and scale of RHSAs programming.

**Ryan Graves, RHSAs Vice President:**

Individually, I'm most excited about the experience of being on the exec board and about the work I'll be getting to do with the committees. For the group, I'm most excited about getting RHSAs's name out there and seeing how many residents we can get involved on the hall council and RHSAs levels. It's going to be great!

From left: Sam Guyer, Kyle Fuller, Jessica Mawrence, Ryan Graves, Conor McLean, Andrew Clark.

**Sam Guyer, RHSAs Administrative Manager:**

Individually, I'm most excited about getting to learn more about how HFS operates and what can be done to improve options for the residents. As a group, I'm really excited to get to see a new range of ideas about the halls from a very dedicated group.

**Kyle Fuller, RHSAs Programming Director:**

Individually, I'm really excited to plan programs that are more diverse and completely different from what we've done. I really want to have a campus wide debate to get ready for the election, an international film festival, and so much more! As a group, I want to have our goal next year to be to bring the hall councils more together, and truly create a community between the halls, rather than within them.

**Conor McLean, RHSAs National Communications Coordinator:**

I can't wait to implement some new ideas and start off the year with a hype about RHSAs... and most importantly, keep that hype up. Individually, I want to start new ways to fundraise money for conferences.

**Jessica Mawrence, RHSAs Treasury Director:**

I'm really excited to spend lots of money on some amazing programs!

**Would you rather break both of your feet or lose six teeth?**

Andrew: I'd rather break both feet – it doesn't require a trip to the dentist! Plus, two feet are easier to fix than teeth.

Ryan: I would rather break both feet, because broken feet can be healed without the use of prosthetic teeth.

Sam: Break both feet; they'd get better eventually.

Kyle: Definitely break both feet. At least they heal!

Conor: Definitely the legs. That's only temporary. Plus I can make up a really awesome story about how it happened.

Jessica: I think maybe both feet? They can heal relatively well, right? Because teeth don't come back...
