   a. If this is your first meeting, please read “About UW SACNAS” (below) for chapter mission statement.

2. Introduction/Activity: Academic and professional goals for 2014!  
   a. Submit an abstract for SACNAS  
   b. Submit first author paper  
   c. Graduate/get a job

3. Upcoming SACNAS Activities/Events  
   a. Clear Sky Native Youth K-12 Tutoring  
      i. Tues. and Thurs. 6-8 pm at Indian Heritage High School  
      ii. Contact: Daniel Chee (dchee7@uw.edu) and Billy Edelman (edelman@uw.edu)  
      iii. Bus 48: N 85th St & Wallingford Ave N. & walk to corner of N.90th St & Stone Ave N.  
   b. Echo Lake Elementary School Science Night  
      i. Thursday February 6th, 2014  
      ii. Volunteers needed to head up a science activity for students and family members  
         1. Any science activity for students  
         2. We just need to confirm interest at this point within the next week  
      iii. Contact: Terry Stevens-Ayers (jtsayers@pacifier.com) and make sure to C.C. the sacnas@uw.edu for more info  
   c. Seattle Expanding Your Horizons (SEYH)  
      i. Volunteers wanted for March 15th, 2014 and several sessions by sacnas members  
   d. Events with Bellevue College SACNAS Chapter  
      i. Lab visit event with Bellevue college students  
         1. Volunteers to show off UW lab space?  
            a. Biology, Engineering, Chemistry etc...  
         2. Contact: sacnas@uw.edu if you and your lab would be willing to participate.  
      ii. Winter quarter co-sponsored event  
         1. First goal: form committee to help plan this event  
         2. We have MCB $ for Winter quarter activity  
         3. Abstract workshop? CV/Resume workshop?  
         4. Contact: sacnas@uw.edu if you would like to be involved in the brainstorming/planning of this event or if you would like to participate in the actual event.  
   e. Undergraduate Recruitment (continuing activity)  
      i. Tabling at the H.U.B. Contact: Harry Hunter (hhunter13@hotmail.com)  
      ii. Using between 11am-1:30pm to recruit students who are interested in STEM  
      iii. Contact other undergraduate groups to send out information about our upcoming meetings
4. Fellowship Announcements and Miscellaneous
   a. Boren Fellowships
      i. Deadline: January 28, 2014
      ii. For more information: http://www.borenawards.org/boren_fellowship
   b. Graduate Student Funding/Fellowship/Assistantship Resources
      i. http://commons.lib.washington.edu/services/gfis
      ii. http://www.grad.washington.edu/students/fa/
      iii. https://www.washington.edu/students/osfa/graduate/
      iv. For more information contact: Dana Bublitz in the GFIS at UW
   c. Interesting UW Undergraduate Course in the Integrative Science Program
      i. Winter 2014
      ii. INT SCI 301: Introduces students to scientists or science educators who are actively engaged in careers that require an integrative science perspective, including formal and informal science education, museums and science centers, and science communication organizations.
   d. Undergraduate Summer Research Opportunities:
      i. DEADLINES for Summer 2014 APPROACHING!
      ii. NSF Research Experience for Undergraduates
            a. May 23, 2014
      iv. Conservation scholars program from College of the Environment at the UW
         1. Applications are open for deadline February 2014
      v. Other UW Summer Research Program information can be found at the URP website:
         1. http://www.washington.edu/research/urp/students/find/summeratUW.html
      vi. There are summer programs all across the country, google.com is your best friend!
      vii. Biophysical society started accepting applications for UNC Chapel Hill
         1. Check the SACNAS facebook for information!
         2. February 15th, 2014
   e. Would you like to send an email announcement to the UW SACNAS membership?
      i. Please email the sacnas-membership@u.washington.edu
         1. Using your University of Washington email address.
         2. This email will then be approved by a SACNAS officer so please allow 24 hours before it is released to the membership.

5. Additional Announcements
   a. Isadora Jiminez
      i. Mulkiteo H.S. and Middle School student tours of the UW and hand-on activities
      ii. Monthly basis of speakers for talk to the students
      iii. UW Car check out for free from the MESA budget
      iv. Would like this to happen sometime in January
      v. Contact sacnas@uw.edu if interested.
   b. Ximena Cid
      i. Intersection between Gender and Ethnicity with STEM Women
      ii. Create dialog on experiences of women of color in STEM and to create a network on
UW SACNAS Meeting Minutes  
Dec 4th, 2013 6:00-7:00 PM  
Mary Gates Hall, Room 171

campus
1. Creating a support but also to protect faculty members and TA’s from the backlash from students
iii. Seminars will be ongoing for these types of topics to create a dialogue and how to create safe space for these persons
iv. Also professional development and how to deal with racism workshops and where your resources are on campus.
v. Ximena will forward the information to come! Keep an eye on the e-mails!
c. National board Members and President Elections
i. Ramon Lopez was Ximena’s advisor and she is very passionate about his election onto the President position
ii. You must be a registered SACNAS member but it is a great opportunity to participate
d. Take the SACNAS National Conference survey!!

6. 10 Minute Science talk for the monthly meetings
a. We need an organizer and keep them on time and give them feedback

7. Happy New Year!!!

Annual Goals: UW SACNAS Chapter 2013-2014  
(Reviewed/Revised/Accepted by UW SACNAS Officers 10/26/2013)

Goal 1: K-12 Student Outreach and Mentoring  
Goal 2: Native and Indigenous outreach and mentoring  
Goal 3: Professional Development for all Chapter members  
Goal 4: Foster Success of local 2-year college students and chapters  
Goal 5: Collaborative Efforts with other UW organizations  
Goal 6: Increase UW Participation at the Conference  
Goal 7: Chapter Recognition for Accomplishments  
Goal 8: Undergraduate Recruitment and Retention  
Goal 9: Improve and Enhance Chapter Communication and Outreach

See you at the next UW SACNAS Chapter Meeting January 2014!  
Time and place TBA. Have a great holiday break!

Thank you to the UW Institute for Science and Math Education for providing food at this week’s meeting (http://sciencemathpartnerships.org/) and UW LSAMP for our meeting location! Thank you to the UW Molecular and Cellular Biology Program for financially supporting our outreach events!

About UW SACNAS:
The Society for the Advancement of Chicanos and Native Americans in Science (SACNAS) is a national organization dedicated to advancing Hispanics/Chicanos and Native Americans in the sciences. The UW SACNAS chapter was founded in 2007 and consists of undergraduate, graduate, post-docs, faculty and staff from various scientific disciplines across campus. Currently, we have 60 student members in our chapter, most of which are graduate students.

The main purpose of UW SACNAS is to promote student recruitment/retention and further the work of underrepresented minorities (URMs) in science. To achieve these goals, UW SACNAS provides a forum for future scientists of color to coalesce via academic/professional development, community outreach, and social events. To stay up to date with chapter activities or contact officers, please refer to links below.

UW SACNAS Websites:
Please email sacnas@uw.edu for more information or to be added to SACNAS list serve.
