Old Business:
- Motion made by Paul to approve the meeting minutes dated 3/11. Unanimous approval, 4-0-0.
- Approval of By-laws and other important documents moved to the next meeting in the interest of time.

New Business:
- Marketing Status Report:
  - Flyer is finished and ready – pick up in copy center
  - Send another e-mail
  - Pens and banners won’t happen this year in the interest of time.
- Proposals thus far:
  - Proposal deadline to stay the same.
  - Forrest clarified details for the software and wireless proposals.
  - Technology workshops: When we don’t have them, people complain – yet when we do have them, turnout is extraordinarily low for the high cost of running them. It is important for STFC to balance this out.
- SAFC Printing issues:
  - Paul, Derek, and Forrest will meet with the other committee.
  - Paul asked whether or not quotas can be installed on the printing machines.
    - Forrest brought up various issues including ongoing cost and also what happens when people exceed their quota.
    - Karen mentioned that unlimited free printing is unacceptable. Perhaps the STFC can come up with a better solution.
Other Items:

- As a part of a student project, students “at large” decided to help out the STFC. They volunteered to help raise awareness amongst the student body and to recommend certain reforms on some processes (for example, the website) to make those processes easier for students. They will report back to the STFC periodically. Since their project is due early in June, their recommendations will be most useful for next year’s committee.

Adjournment: 8:08 p.m.
