RE: Inject #18: FISMA Compliance

In order to work with various government agencies, it is critical that we comply with the Federal Information Security Management Act (FISMA). Please prepare a memo that highlights what FISMA requires of contractors and what our first step in the process should be. Be sure to include the necessary NIST Special Publication documents or other relevant federal documents that can be used as reference and/or a guideline for each step.

This request is to be completed by 11:15 AM today.
